EARLY SATURDAY MORNING FIRE.

**Destructive Work of Fire Fieud—
Splendid Work of Department
—Narrow Escape of Fireman
and Engineer.**

At 2:20 a. m., on Saturday, an alarm from box 14, called the department to the planing mills of the Capital Lumber Co., on Logan street, which were found to be in a fierce blaze.

Owing to the distance from the nearest fire-plug the fire-boys had to send back for more hose, and were delayed in getting a full complement of streams on the fire. However, after they did get to work they did finely and saved the big sawmills and the greater part of the lumber stacked in the yards.

It is thought the fire started in the shaving chute, for at that place watchman Owens saw the first of the flames. A big amount of inflammable mater was ignited by the chute, which acted as a flue, and in a minute or so there was a tremendous blaze and light, which illuminated the whole surrounding country. Watchman Owens and Engineer James Goinis did everything they could with the hose belonging to the mills, but they could not subdue the flames. The planing mills and the big dry kilns were totally destroyed, together with a large lot of finished lumber in the mills and on the yards. The loss amounted to about \$15,000, with \$12,000 insurance.

When the alarm was turned in the team of horses which were attached to the ladder wagon became unmanageable and dashed against the door of the fire-house, smashing a hole in it and breaking the hinges short off. They then dashed out of the street with Fireman McEwing clinging to the near horse, the others to the other animal, and attempting to control him, in which he was partially successful, but the horse, known as the Chapman horse, forced the wagon west on Main street (instead of east) and, in spite of all that the other men could do, barely escaping the electric light pole in front of our office, dragged the ladder wagon upon the pavement in front of the Rupert Grocery Co.'s store catching their delivery wagon on the way, dashed in between the big telephone pole and the corner of the store and stuck fast. After hard work, and the assistance of several outsiders, the wagon was released and went over to the fire, but, of course, were greatly delayed.

After the team had reached the fire, they again became frightened and dashed away and ran out Murray street to Fourth Avenue, up Fourth to the right of the Hermitage distillery, and, when attempting to cross a bridge over the ditch leading to the river, the bridge gave way and the wagon fell over, the tongue sticking into the bank and the horses were thrown down. They were captured and returned to the department house, one of them having received several bad cuts about the left hind foot and ankle.

In the rush from the door of the department Fireman McEwing came within an ace of being

crushed to death against the front of the Rupert building. He ducked, let go the black horse and jumped behind the pillar of the front barely in time to save himself.

Mr. James Goinis, engineer at the mills, was badly burned in attempting to put out the fire at the start.

Col. A. D. Martin, Mr. O. C. Kenney, Connelman W. S. Rosen and other citizens rendered great assistance to the fire boys, and, by hard work and good suggestions, materially aided in the fight.

We regret that this calamity should have fallen on this enterprising corporation, which had only been at work about a year, but were overcrowded with orders and were doing a splendid business. The Elliott Bros. are the largest owners, are clever and honorable business men.

This disaster will retard a number of buildings, which are under construction, as they had contracts to furnish supplies of various kinds.

POSITIVE PROOF.

**Should Convince the Greatest
Skeptic in Frankfort.**

Because it's the evidence of a Frankfort citizen.
Testimony easily investigated.
The strongest endorsement of merit.

The best proof. Read it:
J. P. Taylor, of 304 Madison street, carpenter by trade, now retired, says: "For nigh on to thirty years I was subject to pain and weakness in my back. The trouble I know came from the kidneys, especially from the left one, this being the most affected. Sometimes I could scarcely arise after kneeling or stooping, and often when walking sharp pains would take me in the left side so as to nearly cause me to fall. A weakness of the kidney secretions was very annoying, especially at night, and it disturbed my rest. For years, at off-recurring intervals, I took various medicines which all practically failed to give the promised and expected benefit. It is the recollection of these very facts which makes me so appreciate the remedy which also affords me a genuine and lasting benefit. I refer to Doan's Kidney Pills which were procured by me at J. W. Gayle's drug store. They went right to the cause of the trouble and removed it. I will always recommend Doan's Kidney Pills to my friends as a remedy that can be depended upon."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

THANKS.

Mr. Joe Tracey, of Pea Ridge, has placed us under obligations for a sack of nice cooking apples. He will please accept our thanks for his courtesy.

HE WAS IN TROUBLE.

"I was in trouble, but found a way out of it, and I'm a happy man again, since Dr. King's New Life Pills cured me of chronic constipation," says E. W. Good, lot, 107 St. Louis St., Dallas, Tex. Guaranteed satisfactory. Price 25 cents at all druggists.

ACROSS FENCES—FARMING.

Grandma's dinner was fine—especially the "cobbler" made of blackberries. We did full justice to the other good things, which pleased the estimable housewife beyond measure.

Women as a general rule, like to be complimented on the success of their cooking. The men, with but few exceptions, are thoughtless to a degree in regard to those little pleasing amenities which all wives enjoy, but, if the bread falls, and the meat is underdone, look out for fault finding.

Grandpa said that "Martha's corn-pones couldn't be beat, and the butter milk was cool from the spring house."

The beautiful simplicity of these two lives impressed me with exceeding tenderness, for in the main men sacrifice everything to ambition, and women to love—but here was a practical demonstration of the "survival of the fittest," the rounding out of well-spent years in perfectly formed plans, and with contented hearts and minds. The farm house was the home. No solid greed for outside preferments was ever considered. What trust! What confidence in believing that no man ever lived a right life who had not been chastened by a wife's love, strengthened by her courage, and guided by her discretion. No woman could hope to reach the highest form of happiness without the aid of one who loved her with unselfish devotion through long years of toil and sacrifice.

"Now, grandpa," she said, "what about the farming?" And as he smoked his pipe, the conversation assumed interest with attention on one part, morbid and intended. "When Martha and me first moved in this neighborhood we had few neighbors. We was poor an' just started out in the world. Money was not very plentiful an' we had ter do with out a heap uv things. This here farm uv sixty-seven acres was plum full of woods an' ther soil was rich enough ter raise anything an' everything planted. That string uv fence along ther creek was where ther most hay was made. Hit brought us in a good many sound dollars.

"Cuttin' an' savin' ther hay crop took up a heap uv time an' patience, as we had no tools but ther hand-scythe, rake, an' pitchfork. Hanlin' an' stackin' was somethin' Martha dreaded, but ther ol' woman stuck by me thro' thick an' thin an' cooked for ther men—ther neighbors—we allers helped one nuther about ther work. Ther one back plow did fine work an' ther corn crop allers turned out well, a few cows, an' a buckwheat patch (for ther bees) made a few dollars for our church dues. A calf pickled, an hogs for meat, kept ther wolf from ther door, an' with plenty uv fruit an' berries, ther was no cause why we couldn't live well. Martha wore rag carpets an' made clothes.

"Never heard any complainin' bout hard times or bad health. We had corn chickens, honey raisins, an' biggest kind uv wadin' infairs. Allers went ter church an' rode boss-back. Yes, we had two children. Jano died young. John is married an' lives across ther creek. He's got a family uv boys. Three stout ones. You must go ter see 'em as he is a science farmer an' plows with six mules. His wife is a real society lady, but mother an' we love her an' she is good an' kind ter us. Stay all night with us, madam, an' now I must look after a man who is workin' with ther bee hives es I am gittin' most too t' ter work much. Stay over with us, an' we'll talk sum more. Cum out an' see ther bees."

Grandma supplemented the invitation and the team was sent

back to Frankfort. Grandpa promising to send us over to John's whenever we wanted to go. I half believe that if we had determined to take up our abode and looking indefinitely in that home, not a word would have been said.

"It's only the little love and the smaller friendship that can ever be broken. When one has learned to wait patiently and trust unflatteringly, one has learned life. The faltering steps of the sweet old lady told the story of care and toil. She held up wrinkled hands which were beautiful to me. I had complimented an old-fashioned bodysuit which was on the four-poster, and the exclamation was original:

"Mercy me child, that spread pretty? Why hits as ol' as John. Let me see—he was about twenty o' when Ma and me made hit. Let you help with them dishes? Yes, cum on. Never seen a person so bent on helpin'. And we were soon in the old-fashioned log room with its fireplace and swinging crane. She had been making soap, which was now cooling off. Ther rafters held strings of red peppers and herbs drying. There was a spinning wheel in the corner, and an' old cradle which touched my heart to a tender pity. One rocker was broken, but the once little bed of the child who had died young, was as a sweet memento of a mother's memory.

We washed the dishes, taking great pains to polish with brightness the pieces of ware brought out in our honor. Soon everything was in order and we walked out to see the bees and talk with gratula in his garden.

AT PEACE WITH THE WORLD.

There is nothing so pleasant as that bright, cheerful, at-peace-with-the-world feeling when you sit down to your breakfast. There is nothing so conducive to good work and good results. The healthy man with a healthy mind and body is a better fellow, a better workman, a better citizen than the man or woman who is handicapped by some disability, however slight. A slight disorder of the stomach will derange your body, your thoughts and your disposition. Get away from the morbidness and the blues. Keep your stomach in tune and both your brain and body will respond. Little indiscretions of over-eating can be easily corrected and you will be surprised to see how much better you can are. Try a little Kodol for dyspepsia after your meals. Sold by J. W. Gayle.

FRANKLIN ASSOCIATION PROGRAM.

The Franklin Baptist Association convenes at Bethel church on Tuesday, August 21, at 10 o'clock a. m. and will continue throughout this day and Wednesday. Two thousand five hundred people are expected to attend the services of these two days, which will open with an introductory sermon by Rev. J. R. Sampey, D. D. of Louisville.

There are sixteen Baptist churches in this Association, all of which will contribute to the crowd which will attend the important meeting set for the last of the month. Tents will be erected by many who will remain over two days. Others, particularly the delegates, will be quartered with friends and relatives who live in the immediate neighborhood of the church.

Lunch baskets, etc., will be taken along to place a quietus upon the inner man during the term of the meeting, and an excellent time is expected, aside from the advantages offered by the excellent speakers who will preach to the large gathering.

The Association is in the capacity of an advisory body of the churches in the county. Dr. U. V. Williams is moderator. Prof. E. R. Jones is clerk. Rev. M. L. Harris, the missionary employed by the Association, is doing very excellent work this summer.

REPUBLICAN COUNTY COMMITTEE MEETS.

The Republican County Committee met on Monday last and, after electing Calvin Greenup to fill the vacancy caused by the death of Mr. Howard Stedman, and Mr. A. B. Hammond to fill the vacancy caused by the resignation of Mr. Wilder Dupuy, proceeded to select Messrs. C. C. Furr, A. B. Hammond, Richard Morris, A. H. McClure and M. P. Brown as the five members required by law from whom the Election Commissioner for the county is to be selected.

UNAUTHORIZED AND ERRONEOUS STATEMENT.

Our contemporary of the State Journal had announced in its issue of Sunday last to the effect that the opening of the City Schools would be delayed by reason of the addition being built to the present building, until the last of September or October first.

The statement is incorrect and entirely erroneous. The schools will open at the regular time, the building will not interfere with it in any way.

We make this statement by authority of the Board of Education.

TUESDAY MORNING'S FIRE.

A fire at 2:30, on Tuesday morning, was discovered by Chief of Fire Department George Conway in the barbershop of Mr. Geo. Lagel, on St. Clair street, next door to the office of Messrs. D. W. & J. B. Lindsey.

No alarm was given, but the hose were quickly attached to the fire plug at the corner of Main and St. Clair and the fire extinguished.

Pretty much everything in the shop was ruined, and we regret to learn that there was not a dollar of insurance.

Mr. Lagel had only been the proprietor about two weeks, having bought out Mr. W. G. Maudeville.

The loss is about \$300 or \$400.

COURT DAY SALES.

Owing to the early morning rains, on Monday, there was the largest crowd in town that has attended county court in six months.

There was a fair supply of stock on the market. Some cows and calves and a lot of yearlings were sold at good prices. Quite a number of mules were sold at top prices. Good horses were scarce and high.

Some plugs changed hands at fair prices. A number of Western horses were left unsold.

COTTAGE SOLD.

Mr. J. L. Hientz sold to Miss Louise Patten, on Monday, a cottage on Wilkinson street. Consideration private.

Thirty

Days Was My Life's Limit.

Agony From Inherited Heart Disease.

Dr. Miles' Heart Cure Cured Me.

One person in every four has a weak heart. Unless promptly treated a weak heart will easily become a diseased heart. A little extra strain from any cause is sufficient to bring on this deadly malady, the most common cause of sudden death. Dr. Miles' Heart Cure will tone up the heart's action, enrich the blood and improve the circulation.

"My trouble began with catarrh and I have always supposed it caused the trouble I have experienced with my heart. I had the usual symptoms of sleeplessness, lost appetite, constipation, palpitation of the heart, shortness of breath and pain around the heart and under left arm. My mother suffered in the same way and I suppose mine was an inherited tendency. At one time I was in agony. I suffered so severely and became so weak that my doctors said I could not live thirty days. At this time I had not slept over two hours a night on account of nervousness. The least exercise such as walking about, would bring on palpitation and fluttering of the heart so severe that I would have to give up everything and rest. Nerve and Liver Pills cured me of constipation and heart symptoms disappeared under the influence of Dr. Miles' Heart Cure. I am in better health than I have been in twelve years and I thank Dr. Miles' Remedies for it. I think they are the grandest remedies on earth and I am constantly recommending them to my friends."—Mrs. L. J. CANTRELL, Waxahatchie, Tex.

CUTTING SCRAPE IN CRAW.

Two colored men by the name of Bob Irving and Landon Minter engaged in a game of craps in the Wide-Awake Saloon, in Craw, on Monday morning. They later became involved in a difficulty in the course of which Minter slashed Irving on the neck and face, inflicting a wound that required nineteen stitches to close. Drs. Hume and South attended to Irving's injuries. Minter escaped.

LUCKIEST MAN IN ARKANSAS.

"I am the luckiest man in Arkansas," writes H. L. Stanley, of Bruno, "since the restoration of my wife's health after five years of continuous coughing and bleeding from the lungs; and I owe my good fortune to the world's greatest medicine, Dr. King's New Discovery for Consumption, which I know from experience will cure consumption if taken in time. My wife improved with first bottle and twelve bottles completed the cure." Cures the worst coughs and colds or money refunded. At all druggists. 50c and \$1.00. Trial bottle free.

No one would buy a sailboat with sails that could not be reefed. There is always that possibility of a little too much wind that makes a cautious man afraid to go unprovided. The thinking man, whose stomach sometimes goes back on him, provides for his stomach by keeping a bottle of Kodol for Dyspepsia within reach. Kodol digests what you eat and restores the stomach. Sold by J. W. Gayle.

Dr. Weaver's Treatment. Syrup purifies the blood, cures rheumatic skin eruptions.

SALE OF SHEPHERD PUPPIES.

Mr. J. P. Hostetter, who advertised last week that he would sell some nineteen Shepherd puppies on county court day, brought the little beauties to town that day and very quickly disposed of them. The fine cubs which he also offered, were not brought to the city, but can be seen at his farm, at Farndale. They are first-class and every one wishing good cubs, would do well to see them.

CANDIDATE FOR REPRESENTATIVE.

Some week or so ago, Col. John C. Hawkins, of this city, announced his candidacy for Representative in the Legislature. By some means we did not, as we had intended, call attention to the fact.

We now make that mention and wish to say that the Colonel is a man of excellent ability and shrewdness, and the man that beats him will know he has had a real race on his hands.

A HEALING GOSPEL.

The Rev. J. C. Warren, pastor of Sharon Baptist Church, Blair, Ky., says of Electric Bitters: "It's a Godsend to mankind. It cured me of lame back, stiff joints, and complete physical collapse. I was so weak it took me half an hour to walk a mile. Two bottles of Electric Bitters have made me so strong I have just walked three miles in 50 minutes and feel like walking three more. CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overrated. The poor patient and the rich patient too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that choking cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those that use German Syrup. Trial bottle 25c; regular size, 75c. At all druggists. 1 yr.

REPRESENTATIVE RESIGNS.

Hon Richard S. Rose, representative from Whitley county, has resigned his position.

When a woman suffers from depressing weaknesses, she then keenly realizes how helpless—how thoroughly worthless she is. Dr. Shoop has brought relief to thousands of such women. He reaches diseases peculiar to women in two direct, specific ways—a local treatment known by druggists everywhere as Dr. Shoop's Night Cure, and a constitutional or internal prescription called Dr. Shoop's Restorative. Dr. Shoop's Night Cure is applied locally, and at night. It works while you sleep. It reduces inflammation, it stops discharges, it heals, it soothes, it comforts, it cures.

Dr. Shoop's Restorative (tablet or liquid form) is a constitutional nerve tissue tonic. It brings renewed strength, lasting ambition and vigor to weak, lifeless women.

These two remedies, singly or used together, have an irresistible, positive helpful power. Try them a month and see. Sold by all dealers.

KILLED BY LIGHTNING.

COOK SHOTS AT SUPPOSED BURGLAR.

The cook at Mr. Frank Chinn's residence, on Shelby street, on Tuesday night last, saw a man skulking around in the yard at the residence, and, woman as she was, secured a pistol and took four shots at the fellow, who did not let any grass grow under his feet in getting away. Search was made for the fellow, but without avail.

To feel strong, have good appetite and digestion, sleep soundly and enjoy life, use Burdock Blood Bitters, the great system tonic and builder.

..DEATHS..

TRACEY—In Springfield, Ill., on Friday, Mr. Andrew (Dock) Tracey, aged about 52 years.

Mr. Tracey was a brother of Mr. Joe Tracey, of Pea Ridge, and was raised there. He was an honest and upright man. He leaves a wife and six children—three girls and three boys—besides a large circle of friends here to mourn his untimely death.

SCHWEIBOLD—At his home in this city, on Monday afternoon, Mr. John Schweibold, aged about 70 years, after a long illness.

Mr. Schweibold was a German by birth, and came to this city when a young man. He married here. At one time he was in good financial condition, but reversed and came and left him in straightened circumstances. He leaves a wife and six children—three sons and three daughters to mourn his death (three children having preceded him to the other shore.)

He was a member of the Catholic Church and the funeral services were conducted from the Church of the Good Shepherd, on Thursday, by Rev. Father T. S. Major, after which the remains were laid away in the Catholic Cemetery.

MONTHLY CROP REPORT.

Commissioner of Agriculture Hubert Vreeland has issued his regular monthly report of crop conditions over the State. The report says:

The month of July was generally seasonable, with an excess of rain in some localities. There was never a better prospect for a full crop of corn at this season of the year than now. The average is a full one, and condition all that could be expected.

The wheat crop is about all threshed and generally in good condition. The yield is about up to an average and the quality good.

The oats crop is short and the yield only three-fourths of an average.

The prospects for a crop of barley tobacco is below the average and its condition is not up to the standard on account of too much rain and insufficient work at the proper time. The prospects for dark is quite below the average; condition 88. The dark crop is reported later than usual and irregular in growth.

Meadows, pastures and clover are reported in fair condition. Live stock of all kinds is in good condition and free from disease.

Hogs are scarce in many localities. The apple crop is a light one and there is some considerable complaint of falling off before they mature.

Gardens are reported good. The following is an itemized report on the various crop conditions:

Treating Wrong Disease.

Many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here and there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-cautious doctor, separate and distinct diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, encourages this practice until large bills are made. The suffering patient gets no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all these distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native medicinal roots and is perfectly harmless in its effects in any condition of the system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs directly feminine in particular. For overworked, "worn-out," run-down, debilitated, nervous, milliners, dressmakers, seamstresses, "shop girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve-tonic "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuritis, hysteria, spasms, chorea, St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental and intellectual despondency. Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

NEW ORGAN FOR CHRISTIAN CHURCH.

The Christian Church, of this city, is now having installed one of the handsomest and sweetest toned pipe organs ever put up in this section.

The instrument is being put in the niche on the right of the pulpit as you go into the church.

The case is of the finest quality of timber and is highly polished and ornamented.

In addition to the usual attachments to such instruments there will be a water motor to pump the bellowses used in the organ. The water pipe has been put down and all arrangements made.

When Pastor Hudson returns the organ will be dedicated.

IN SUMMER.

Why does the sun burn? Why does a mosquito sting? Why do we feel unhappy in the Good Old Summer Time? Answer: We don't. We use DeWitt's Witch Hazel Salve, and these little ills don't bother us. Learn to look for the name of E. C. DeWitt & Co. on the box to get the genuine. Should be kept handy. Sold by J. W. Gayle.

GOOD FARM FOR SALE.

I wish to sell my farm of 102 acres of fine land, located on Main Elkhorn, next to Mrs. F. L. Bailey's farm. Good improvements, barn, etc. Two tenant houses. For further particulars, address

MRS. T. J. TODD,
Frankfort, Ky.

Aug. 1-10.

LEFT ARM BROKEN.

Mr. John Cleveland, of the Forks of Elkhorn, who has been at work on the street car lines in Lexington, was attempting to board a North Broadway car in that city, on Saturday night, at the corner of Main and Broadway streets (where there are a number of switches and now curves being put in on the street car tracks), when his heel caught on the track (which was several inches above the street, and the filling had been taken out, leaving the track some eight or nine inches above the base,) and fell to the street. In endeavoring to save his face from being cut by the rails, he threw his left arm out and fell on it, breaking the bones above the wrist and below the elbow. Surgical attention was rendered and Mr. Cleveland came home Sunday.

STOPPED RUNAWAY.

Our jolly friend and brother Mr. W. H. Kidd was the hero of a runaway, on Friday. A horse, attached to a buggy, became frightened and dashed over the St. Clair street bridge, to the peril of ladies and children. Mr. Kidd sprang in front of the horse and caught the bridle, at the risk of his life, stopping the runaway. It was a brave act, skillfully executed.

BIG PARADE AT LEXINGTON.

Arrangements have been made to open the Big Bluegrass Fair at Lexington on September 17 in a very elaborate manner. The first day will be known as Lexington Day. By proclamation of the Mayor all business houses of the city will close at 1 o'clock. At that hour the big parade will form and after marching through the principal business streets will go to the Fair Grounds. In the parade will be troops of the State Guard, various lodges of the different towns of Central Kentucky and other bodies which will add to its interest and spectacular effect. There will also be floats by every important business house of Lexington and the prominent business firms of the

surrounding towns will be invited to likewise have representation. The more interesting feature of the parade, however, and the one which will no doubt attract most attention, will be the "Queen of the Bluegrass" attended by her knights, young Kentucky horsemen, mounted on handsome steeds. The identity of the lady who will officiate in this capacity will be unknown, even to her attendants, until the Fair Grounds are reached, where, with elaborate ceremonies in front of the grand stand, she will be unveiled. There will be six or eight bands in the parade, headed by Kopp's Military Band of Cincinnati. This big organization has been engaged to furnish music throughout the fair. It has attained a splendid reputation as one of the best musical aggregations in America.
